

Salt Licks

SALT

**KNZ® BASIC 100**

KNZ salt licks are essential to secure the individual need of salt, minerals, trace elements and vitamins, essential for good health, and therefore the performance of your live stock. A possible lack of these elements can result in reduced appetite, milk yield, growth and natural resistance. Also, fertility problems and weight loss can increase. Each animal has it's individual (salt) need. For this reason KNZ has developed special licks for cattle, calf, sheep, horses and game. Because of the natural licking behaviour of animals they are able to balance their need for salt, minerals, trace elements and vitamins by means of a salt lick, All KNZ licks are developed in intensive collaboration with end-users, nutritionists and universities. KNZ salt licks are made of a very pure salt without any artificial colouring agents, fragrances and flavourings agents.

**PRODUCT DESCRIPTION**

The KNZ 100 is the ideal supplement on the daily feed of the animal and is an additional guaranty for a adequate salt supply. This salt lick is made of salt that is produced and purified on natural way The lick is suitable for all kind of animals

Store dry  
Durability 3 years

**COMPOSITION** as typical

Salt type: unsieved salt

**Components**

Minerals	Content	Unit	Raw material
Sodium Chloride (NaCl)	99.8 %*		NaCl Sodium Chloride
content of sodium	39.3 %		NaCl Sodium Chloride
moisture (H <sub>2</sub> O)	< 0.05 %		

\* Based on dried pure salt

GMP registration

**PARTICLE SIZE DISTRIBUTION**

n.a.

**DENSITY**

2000 kg/m<sup>3</sup>

**DELIVERY UNITS**

Salt Lick	25 kg x 48
Article number	3056
EAN (single unit)	87158403
EAN (collis)	n.a.
Pallet	non returnable pallet HT 100 x 90 cm
Layers	3
n / layer	16
Gross weight	1,230 kg
Net weight	1,200 kg

Certified QM system,  
ISO 9001 / 14001 and  
Skal certified
